

BRIDGING COMMUNICATION GAPS WITH CLIENTS & PARTICIPANTS

Flexible Device Provisioning & Leasing for Courts, Agencies, & Service Providers.

Connect is CourtFact's flexible smartphone provisioning and leasing program that provides solutions to courts, agencies, and service providers to **eliminate issues such as lack of internet access** or ability to procure a smart device. By offering device leasing options, Connect by CourtFact effectively bridges gaps in communication with clients and participants.

By offering devices and **connectivity options** through T-Mobile® and Verizon® cellular and data networks, CourtFact has the ability to provide clients and participants with a secure mobile device and control their level of access, while **providing the ability to reliably communicate** with their court, agency, public defender, or service provider, as well as their workplace, children's schools, or local resources for help.

FEATURES INCLUDE:

- Remotely secured & enclosed in a tamper resistant case
- Three levels of usage & communication accessibility
- All modules that are available on the Client Mobile app
- Photo Capture & Facial ID client login authentication
- Restricted access to browsing and other applications
- Always activated cell network & geo-location services
