

COURTFACT®

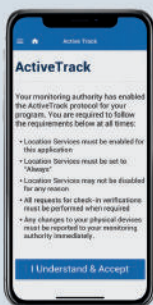

TOOLS THAT INSPIRE SUCCESS

More Pathways to Accountability.

Because accountability works best when it supports growth;
not disruption.

The Right Level of Monitoring

CourtFact offers a continuum of location monitoring solutions that support a **restriction based** approach:

ActiveTrack – Least Restrictive

Smartphone-based location monitoring technology using the juvenile's personal device.

ActiveBand – Moderately Restrictive

Wrist-worn Bluetooth device paired to ActiveTrack technology for added accountability and reduced stigma.

Omnalink® OM500 – Most Restrictive

One-piece ankle monitor that employs GPS, Wi-Fi and Cellular location technologies.

Three levels. One platform.

COURTFACT®
TOOLS THAT INSPIRE SUCCESS

Accountability Through Engagement

Today's youth live through their smartphones.

CourtFact leverages technology they understand to **encourage participation, responsibility, and compliance** throughout their journey.

Through the **CourtFact Client Mobile App**, juveniles are able to:

- View battery status
- Submit schedules
- Receive notifications
- Communicate with agent through secure messaging

Technology they know. Tools agency's trust.
